## Zoom Instructions

---

Zoom is a video conferencing application that allows users to connect virtually with each other using their computer camera and audio. You will be able to view and listen to conference presenters, as well as type in questions and comments. It is an easy to use platform with no associated costs for the conference attendee. Conference sessions can be accessed by clicking on the link under each session on the previous page. The links will also be sent out via email. You will be given the choice to download the Zoom application or to view the session in your web browser. All CAG members will receive a link to the conference sessions regardless of whether they are intending to participate. **Please disregard the emails if you do not want to attend.**

**Note: Please see the separate document “CAG 2020 Zoom Tips”**  
for detailed instructions on the use of Zoom. This has been included in the conference package.
